"EMPOWERING COMMUNITIES ONE FAMILY AT A TIME GLOBALLY"

United Foundation of Central Florida, Inc. (UFCF) is a 501 C3 public foundation that was formed in 2014 to address our After-School needs, OCPS graduation rates, the number of students attending college/vocational/technical schools, food insecurities, lack of affordable housing, job skill sets and reducing crime to name a few. The Foundation started to focus on early intervention, leading to prevention. To accomplish this end result it takes a village, that means partnering and uniting with local community and neighborhood organizations, to positively transform families and individuals, utilizing early intervention and educational resources.
